We have to go!

Eli can't move. Laura pulls him up and drags him off.

HOLD on Danny as he goes quiet and still, until he passes.

50 EX. SOCCER CHRIS'S HOUSE - MOMENTS LATER

The crew staggers out of the garage shaking off the cobwebs. A few dead kids lay sprawled across the yard and driveway. His eyes light up at the sight of a **downed basketball hoop**.

FARKAS  
Go time, motherfucker.

The crew watches in awe as Farkas attempts a grind -- But he **wipes out** and flies head-first into the pavement with a **CRACK!**

Ash: What the fuck, dude?

Farkas is out cold, blood pooling behind his head. Ash shakes his lifeless body, despair masked by white-hot fury.

Farkas! Get up you asshole...What the fuck were you even doing?

He's iced. C'mon!

Ash throws CJ's hand away and rises on her own.

Eli grabs his bike out front. Laura steps onto the pegs.

Then, overhead, two airplanes **COLLIDE AND EXPLODE** in the sky!

Everywhere. It's happening everywhere.

HEB SHOT as the whole team flees, set against the fiery wreckage plummeting through an obsidian sky.

CLUNK CLUNK BAM.
